THE ASSOCIATION transacts every description of **LIFE ASSURANCE** and **ANNUITY** Business, and also secures **ENDOWMENTS**, payable at any period of life, as **PROVISION FOR OLD AGE**. It affords **PERFECT SECURITY** to the **ASSURED**, and *liberal* and *immediate* **PARTICIPATION** in **PROFITS**. The **FUNDS** are **SECURELY INVESTED** and of **AMPLE AMOUNT**.

GENERAL REVISION OF RATES.

The **RATES** of **PREMIUM** have been carefully revised and re-calculated upon the Tables of the Institute of Actuaries—the most recent and exact data available; and it will be found that in point of **ECONOMY** the **NEW RATES** compare favourably with those of any other office.

Special attention is directed to the **LOW RATES** of **PREMIUM** for **FIXED BENEFITS**, by which the largest amount of **Immediate Assurance** may be effected at the lowest present outlay. Combined with the **Security** afforded by the **NON-FORFEITURE SYSTEM**, these **Assurances** present a highly advantageous mode of investment for **FAMILY PROVISION**.

EIGHTH DIVISION OF PROFITS, 1885.

NINE-TENTHS (90 per cent.) of the **PROFITS** are divided among the **Assured** every **FIVE YEARS**. Thus a **Policy** for £1000, opened in 1840, now amounts to £1650.

THE NEXT DIVISION WILL TAKE PLACE AT CHRISTMAS, 1885.

Policies effected during 1885 will then be entitled to **ONE WHOLE YEAR'S BONUS ADDITION**.

NEW and **LIBERAL CONDITIONS** in regard to **FOREIGN RESIDENCE AND TRAVELLING**, and Policies indisputable after five years.

CLAIMS are **PAYABLE IMMEDIATELY AFTER PROOF OF DEATH**.

The **Claims** already paid amount to £2,050,000.

LOANS are granted, in connection with **Life Assurance**, on **LIFE INTERESTS**, **REVERSIONS**, **PERSONAL**, and other approved **Securities**.

INLAND RATES OF POSTAGE—LETTERS.*

The rates of postage, when prepaid, are as follows, viz.:—

For a letter not above 1 oz.....	1d.
„ above 1 oz. but not above 2 oz.....	1½d.
„ „ 2 oz. „ 4 oz.....	2d.
„ „ 4 oz. „ 6 oz.....	2½d.
„ „ 6 oz. „ 8 oz.....	3d.
„ „ 8 oz. „ 10 oz.....	3½d.
„ „ 10 oz. „ 12 oz.....	4d.

A letter above the weight of 12 oz. is liable to a postage of 1d. for every ounce, beginning with the first ounce. Thus, a letter weighing between 14 and 15 oz. must be prepaid 1s. 3d.

A letter posted unpaid is chargeable on delivery with double postage, and a letter posted insufficiently prepaid is chargeable with double the deficiency.

No letter may be above 18 inches in length, 9 inches in width, or 6 inches in depth, unless it be sent to or from one of the Government Offices.

NEWSPAPERS.

The prepaid postage on every inland newspaper is one halfpenny, but a packet, containing two or more registered newspapers, is not liable to a higher rate than the book-postage upon it would be. For each transmission a fresh postage must be paid.

A newspaper posted unpaid, or a packet of newspapers posted unpaid, or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight (*see* p. 38, Book Post, par. 2).

Any publication fulfilling the subjoined conditions can, upon payment of an annual fee of 5s., be registered at the General Post Office for circulation within the United Kingdom as a newspaper, as also for transmission to places abroad. Unregistered, a newspaper is liable to the book rate of postage.

a. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

- b.* It must be printed and published in the United Kingdom; and in numbers at intervals of not more than seven days.
- c.* The full title and date of publication must be printed at the top of the first page, and the whole or part of the title, and the date, at the top of every subsequent page. This regulation applies also to "Tables of Contents," and "Indices."
- d.* A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the paper. It must in every case be published with the paper, and have its title and date printed at the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

A newspaper, if posted in a cover, must have such cover open at both ends, so as to admit of easy inspection, otherwise it will be treated as a letter.

The title of every newspaper must be exposed to view.

A newspaper or packet of newspapers which contains any enclosure, except supplements (unless it be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet), is liable to be charged as a letter.

A newspaper which has anything written on it, or its cover, of the nature of a letter, is liable to postage as an unpaid or insufficiently paid letter.

A packet of newspapers must not weigh above 14 lbs., or exceed two feet in length, one foot in width, or one in depth.

BOOK POST.

The prepaid postage is one halfpenny for every 2 oz. or part of that weight. If posted unpaid the charge is double that amount; and if posted partially paid, double the deficiency.

A book-packet may contain any number of separate books or other publications, photographs (when not on glass or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. It may also contain all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (of paper or otherwise) in the case of books, pens or pencils in the case of pocket-books, &c., in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, &c., must not be sent as a separate packet; neither may a book-packet contain anything in the nature of a letter* (attached or otherwise), unless it be a "circular," or any enclosure shut against inspection, otherwise the entire packet will be charged as a letter.

A book-packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to ad-

* Entries merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

nit of the contents being easily withdrawn for examination, otherwise it is treated as a letter. It may, however, be tied at the ends with string.

No book-packet may be above 5 lbs. in weight, 18 inches in length, 9 in width, or 6 in depth, unless it be sent to or from a Government office.

When, owing to an unusually heavy influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book-packets may be kept back till the next despatch or delivery.

Circulars—*i.e.*, letters which, from internal evidence, appear to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is produced by means of ordinary type, engraving, lithography, or other mechanical process—may also be sent by book post.

Large numbers of letters, not being circular letters, are from time to time found in halfpenny wrappers, contrary to the express provisions of the book post; and, as the officers of the department are instructed to surcharge all such letters with additional postage, it will save not only trouble to the Post Office, but annoyance to the public, if care be taken always to pay letter postage for letters other than circular letters, unless they be written or printed on Post Cards.

INLAND PARCEL POST.

Parcels *not exceeding 7 lbs. in weight* are received at any Post Office for transmission between places in the United Kingdom.

In order that a packet may go by Parcels Post, it must be tendered for transmission as a parcel, and should bear the words "Parcels Post,"—which should be clearly written in the left-hand top corner.

Every Post Office is open to the public for Parcels Post business on week days during the same hours as for general postal business. No Parcels Post business is, as a rule, transacted in England or Ireland on Sundays, Christmas Days, and Good Fridays; nor in Scotland on Sundays and Sacramental Fast Days, but there will in most cases be a delivery on Christmas Day.

The size allowed for an Inland Postal Parcel is—

Greatest length, - - - - -	3 ft. 6 in.
Greatest length and girth combined, - - -	6 ft. 0 in.

For example—

A parcel measuring 3 ft. 6 in. in its longest dimensions may measure as much as 2 ft. 6 in. in girth, *i.e.*, round its thickest part; or—

A shorter parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, *i.e.*, round its thickest part.

The most convenient mode of measuring is by means of a tape 6 ft. long, having the length of 3 ft. 6 in. marked thereon. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible.

The rates of Postage are—for a Parcel—

Not exceeding 1 lb. in weight, - - - - -	3d.
Exceeding 1 lb. and not exceeding 3 lbs., - - -	6d.
„ 3 lbs., „ „ 5 lbs., - - -	9d.
„ 5 lbs., „ „ 7 lbs., - - -	1s. od.

No parcel is accepted which weighs more than 7 lbs., or is not sufficiently

paid. The postage must, in all cases, *be paid in advance*, and by ordinary postage stamps, which must be affixed by the sender before tendering a parcel for transmission by Parcels Post at a Post Office.

Parcels must not be posted in a letter-box, but must be taken into a Post Office, and handed over the counter. Care must be taken that every parcel bears a clear address.

POST CARDS.

Official Post Cards, impressed with a halfpenny stamp ;—double or reply Post Cards impressed with a halfpenny stamp on each portion of them,—and private Cards impressed at the Office of Inland Revenue with halfpenny stamps,—may be transmitted between places in the United Kingdom with letters printed or written upon the back. Adhesive stamps are not accepted in payment of the postage.

The front (or stamped) side is for the address only, in addition to the words printed thereon. Nothing else must be written, printed, or otherwise impressed on it or the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached ; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d on delivery.

No card other than one of those issued by the Government, or a private card impressed with a halfpenny stamp at the office of the Inland Revenue, will pass under a halfpenny stamp, if it bear on it a communication of the nature of a letter (unless it be a circular letter as defined above).

Post Cards are sold at 7d. per dozen ; superior quality, 8d.

Double or reply Post Cards are sold at 1s. 2d. per dozen ; superior quality, 1s. 4d.

REGISTRATION.

The fee for registering a letter, newspaper, or book-packet, is twopence, and this registration fee and the postage must be prepaid, except on official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

No article addressed to initials or to a fictitious name can be registered, unless it be addressed to the care of a person or firm.

Every article presented for registration must be enclosed in a strong envelope, securely fastened. If the article contains money, it must, in order to gain the benefit of the guarantee described in the last paragraph under this heading, be enclosed in a Registered Letter Envelope sold by the Post Office ; and if coins are sent, they must on no account be put in loose, but must be packed and enclosed in such a way as to move about as little as possible.

Every article to be registered must be given to an agent of the Post Office, and a receipt obtained for it ; and it should on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into a letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of 8d., instead of the ordinary fee of 2d.

The loss of a registered article (as it can be traced through its whole course) is a rare occurrence. Nevertheless large sums of money or other articles of great value should not be sent through the post, even if regis-

tered; as the machinery of the Department is not arranged with a view to such transmissions. If sent unregistered, valuable articles are exposed to risk; consequently Inland letters or packets which contain coin, watches, or jewellery, if posted without registration, are subjected to registration, and are charged on delivery with a fee of eightpence in addition to the ordinary postage. If they cannot be registered in time to be forwarded by the Mail for which they are posted, they are detained for the next despatch.

By law the Postmaster General is not responsible for the safe delivery of registered articles; but henceforth he will be prepared to make good the contents of a registered article lost while passing through the Post *to the extent of £2*, in certain cases, provided that the sender duly observed all the conditions of registration; that the article was securely enclosed in a reasonably-strong cover, and if it contained money, that it was enclosed in one of the Registered Letter Envelopes sold by the Post Office; that application was made to the Secretary of the Post Office immediately the loss was discovered; and that the Postmaster General, whose decision shall be final, is satisfied that the loss occurred while the article was in the custody of the British Post Office, and was not caused by any fault on the part of the sender.

FOREIGN AND COLONIAL LETTERS.

Letters posted unpaid, or insufficiently paid, to any country where payment is compulsory, are returned to the writers.

Letters posted unpaid, or insufficiently paid, for Australia, New Zealand, Cape Colony, or Natal, are charged 6d. each in addition to the deficient postage.

Unpaid letters addressed to countries in the Postal Union are charged double the prepaid rate, and those partially prepaid are charged with double the deficiency.

No letter for a colony or foreign country may exceed 2 feet in length or 1 foot in width or depth.

No letters containing gold or silver money, jewellery, or precious articles, or anything liable to custom duties, can be sent, *even if registered*, to any country of the Postal Union.

FOREIGN AND COLONIAL NEWSPAPERS.

The rates of postage to Foreign countries and the Colonies on newspapers registered for transmission abroad will be found in the Table of Foreign and Colonial Mails, page 48. Each newspaper is liable to a separate rate of postage, whether sent singly or in a packet, and if above 4 oz. in weight, it is liable to two rates of postage; and so on.

All publications registered for transmission abroad *must be posted within eight days from the date of publication*, including that day; and any newspaper posted more than eight days after the date of publication, as well as any unregistered publication, must be prepaid at the book rates of postage.

The collected numbers issued during the month of a weekly or fortnightly publication are not allowed to pass as a monthly publication.

BOOK POST.

Articles which may be sent to places abroad under the Book Post Regulations consist of two classes, as follows:—

(a) "Commercial Papers," under which are comprised all papers or

documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal (and whether written or printed on stamped or unstamped paper), Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public companies, all kinds of manuscript music, the manuscript of books and other literary works, and other papers of a similar description.

- (b) "Printed Papers," including periodical works, books (stitched or bound), pamphlets, sheets of music (printed), visiting cards, address cards, proofs of printing (with or without the manuscript relating thereto), engravings, photographs (when not on glass or in frames containing glass), drawings, plans, maps, catalogues, prospectuses, announcements, and notices of various kinds, whether printed, engraved, or lithographed, and in general all impressions or copies obtained upon paper, parchment, or card-board by means of printing, lithographing, or any other mechanical process easy to recognise, except the copying press, and anything usually attached or appurtenant to any of the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post which shall be contained in the same packet; also printed, engraved, or lithographed circulars, notwithstanding that such circulars may be letters or communications in the nature of a letter.

The two classes are subject to the same rates of postage, except that when addressed to countries in the Postal Union the minimum rate for Commercial Papers is higher than that for printed papers. If there be any mixture of the two in the same packet the whole packet is treated as Commercial Papers.

The rates of postage for Commercial Papers are the same as for printed Papers, except that the lowest charge for each packet is $2\frac{1}{2}$ d., even if the packet weigh less than 2 oz.

The rates of postage, which must be prepaid, on packets to places abroad are given, under the heading of Books, in the Table of Foreign and Colonial Mails, page 48.

PATTERNS AND SAMPLES.

There is a Pattern and Sample Post to Foreign Countries and the Colonies generally; but it is restricted to *bona fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

No article liable to Custom Duties can be sent as a sample or pattern.

The rates for Patterns are the same as for Books, except that the lowest charge is 1d. for a packet addressed to any of the countries to which the postage is $\frac{1}{2}$ d. per 2 oz. for Books.

FOREIGN AND COLONIAL POST CARDS.

Post Cards for abroad with impressed stamps of 1d., $1\frac{1}{2}$ d., and 2d. each are sold at those rates, and are transmissible to all the countries of the Postal Union without extra charge.

Reply Post Cards for certain places abroad are also issued, those with a 1d. stamp impressed on each half, price 2d.; those with a 1½d. stamp on each half, price 3d.; and those with a 2d. stamp on each half, price 4d.

The regulations relating to Inland Post Cards apply also to Cards posted for places abroad, except that the latter, when these regulations are infringed, are not forwarded.

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered), nor is the Post Office responsible for any injury which a packet may sustain during its transmission.

To guard against such injury all postal packets which are likely to suffer from stamping or from great pressure should be placed in strong covers; and even with this precaution no fragile article should be sent through the Post. It should be remembered that every packet has to be handled several times; that it is exposed to considerable pressure and friction in the mail bag; and that whenever the bag has in the course of its transmission to be transferred by means of the railway apparatus, the risk of injury is much increased.

Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Neither money nor any other article of considerable value ought ever to be sent through the Post, except by means of a money or postal order, or in a registered letter. Any person who sends money or jewellery otherwise, not only runs the risk of losing his property, but exposes to temptation every one through whose hands his letter passes.

To facilitate the delivery of letters, a Letter-box should be affixed to every house-door.

MONEY ORDERS.

When applying for Money Orders, the public should use the printed "Application Forms," which are supplied gratuitously at all Money Order Offices.

The commission on Inland Money Orders is:—

For sums under 10s., - - - - - 2d.	For sums of £6 and under £7, 8d.
„ of 10s. and under £2, 3d.	„ £7 „ £8, 9d.
„ „ £2 „ £3, 4d.	„ £8 „ £9, 10d.
„ „ £3 „ £4, 5d.	„ £9 „ £10, 11d.
„ „ £4 „ £5, 6d.	„ £10 - - - - - 1s.
„ „ £5 „ £6, 7d.	

No order may contain a fractional part of a penny.

The applicant must furnish, in full, the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name must also be furnished.

Exceptions.—1st. The remitter of an Inland Order may direct at the time of issue, that the Order be crossed like a cheque thus, & Co.

and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.

2nd. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3rd. The usual designation of a firm is sufficient, except when a company trades under a title which does not consist of the names of the persons composing it, as the "Carron Company," but even a designation of this nature may be accepted provided the Order be crossed for presentation through a Bank.

The holder of an Inland Money Order may direct, by crossing it, that the Order be paid through a Bank, even though its payment was not originally so restricted.

COUNTY & CITY OF PERTH,

(Established 1838, and Certified under the Act of 1863),

AND

GOVERNMENT ANNUITY OFFICE.

THE OFFICE, TAY STREET, PERTH,

IS OPEN EVERY DAY, EXCEPT SATURDAY, FROM TEN TILL
THREE.

ON SATURDAY FROM TEN TILL TWELVE NOON, AND FROM SIX
TILL EIGHT EVENING.

N.B.—No Money paid out on Saturday after Twelve noon.

THIS BANK receives Deposits of One Shilling and upwards, but not more than £30 in one year, ending 20th November, or £150 in all, which may accumulate, at Compound Interest, till it reaches £200.

Certified Friendly Societies may lodge their whole Funds. The Deposits of other Societies and Charitable Institutions are limited to £100 in one year and £300 in all.

INTEREST, at a comparatively high rate, is added to the Principal once a year, at 20th November, irrespective of the Depositors' personal attendance at the Bank for that purpose, by which they derive the benefit of *Compound Interest*.

GOVERNMENT ANNUITIES, from £4 to £100 a-year, and the Insurance of Lives, may be contracted for through this Bank. Particulars may be had on application at the Office of the Bank.

The numerous advantages of the Institution will be seen from the Pass-Books, which are given to Depositors free of any charge.

The Funds of the Bank are securely invested, and the whole Accounts are periodically audited by a professional Auditor unconnected with the Bank.

The total amount of Funds invested 20th November, 1883, was £547,337 12s 4d.

The total number of individual Depositors at the same date was 19,631, embracing members of every section of the labouring and industrial classes.

The Bank opened in 1839 with 859 Accounts ; now they nearly number 20,000.

The Capital in 1839 was only £3000 ; now it is upwards of £540,000.

The utility and success of this Bank are thus sufficiently apparent from the amount of Business which has been done since its establishment in 1838.
